"Success Through Effort"

"Ma te mahi ka matou"

Newsletter – 7th March 2017

Term 1, Week 6

Kia ora koutou whanau

Nearing the halfway point of this first term and our really long run of fine weather continues. The children are still enjoying days in the pool, on the playing field and in our freshly air-conditioned classrooms. Mr Reynolds' Year 7/8 students have shown resilience and patience for the first five weeks of term working in the hall, and have now been rewarded with a new classroom. This now means that the hall will be free for use by all classes, as well as having a space we can use for whole school assemblies and waiata practice. We will be having a whole school assembly this Wednesday afternoon at 2.00 p.m. in the hall, and you are all very welcome to attend this certificate presentation assembly.

Wednesday 8th March (tomorrow) – Dual Purpose Meeting in the hall

- "Keeping Ourselves Safe" - 6.00 - 6.45 p.m.
Ian Anderson, a local constable, will be delivering a presentation about the "Keeping Ourselves Safe" programme, which will run later in the term for all classes.
- "Collaborative Teaching and Learning Journey" - 6.45 - 7.30 p.m.
We will be holding an information meeting focused on our "collaborative teaching and learning journey" at Parua Bay School. There has been some confusion and discontent from some of our parents at Parua Bay School regarding this issue and this meeting is an opportunity to clarify the purpose and intent of this different approach to education. It will also be a chance for parents to ask any questions they may have about "collaboration in education".

I look forward to welcoming you to this meeting on Wednesday.

As you read this newsletter, some of our students will have competed in the Whangarei Primary Schools Swimming competition at Whangarei Intermediate School. This is an amazing achievement just to have reached this level of competition; however, I look forward to reporting some great results next week from our students' performances.

In week 7, on Tuesday 14 March, the Parents & Teachers Association (P.T.A.) will be meeting at school in the staffroom at 6.00 p.m. to discuss the upcoming year. The P.T.A. is an invaluable asset to Parua Bay School - being a high decile school, the Ministry of Education funds us a fraction of what lower decile schools receive, and therefore we need to raise funds for often quite mundane items such as furniture and books. Letters have been sent out to promote parents putting themselves forward to represent their classes at the P.T.A. Please support this vital group of volunteers by coming to just a few meetings in the year.

Finally, please read through the letter you will have also received with this newsletter regarding "Student Led Conferences". Empowering your children to be highly-motivated, self-managing learners, who can really understand their learning, is an absolutely crucial cog in the "collaborative" wheel. I encourage you to support your children to be in control of their own learning by entering into these "student led conferences" with a positive and purposeful mindset. We are now into the third year of this style of conference and, whilst I think we have some way to go before our students are fully in control of their own learning, I believe that our tamariki are now becoming more accustomed to them and will be more fluent in this process.

Have a wonderful week.

Nga mihi ra

The cost of the t-shirt is \$15.00. We also have a small selection of peak and bucket hats at a cost of \$10.00.

Be Safe, Be Seen - Slow Down

There are long term plans afoot with the Ministry of Education and the local council to solve traffic congestion problems at Parua Bay School. These problems are evident every day at 2.45 p.m. when buses, cars, parents and pedestrians all converge towards the front gates of Parua Bay School. This plan will hopefully give us a safer bus transportation route, more car parking options for parents and staff of the school, the Kindergarten and the Play Centre and a safe pedestrian walkway from the school to various exit and parking points. However, this plan is still very much in its infancy; so it is imperative that all parents heed the following safety advice:

- Drive with exceptional care around the school vicinity
- Don't walk through the staff car park
- Children must not cross the road without an adult
- If parking opposite the school, please walk with your child back to your car.
- Please don't park in the Kindergarten or Play Centre car parks, unless using them to drop off children.
- Please encourage your children to be safe at all times at the end of the school day
- Please leave service station access free.

When dropping off or collecting your children please keep the bus bay clear at all times!

AIMS GAMES 2017

New Zealand's PREMIER Sports tournament for year 7 & 8 students.

Information Meeting - Wednesday 15th March 6pm - Room 14

Please see this website for more information and we look forward to seeing you at the meeting for more information and planning.

ICAS exams

Are you interested in taking part in the ICAS exams in 2017. These exams are for Year 3 - Year 8 and are designed to challenge and extend students who show excellence in particular curriculum areas. They also provide exam practice for high school.

Collect more information and entry forms from the school office if you are interested or visit www.eaa.unsw.edu.au for more information. The closing date for entry is March 24th

WE ARE DEVELOPING THE JUNIOR PLAYGROUND AND WE NEED YOUR SUPPORT...

CAN YOU?

- Donate free labour for painting, prep work, gardening or building
- Donate resources e.g. timber, paint, nails, bark, steel framing, sand & playground equipment
- Donate landscape planning ideas
- Offer ideas or contacts for supplies and materials needed.

If you can help with any of these we would love for you to put your details down at the school office. We hope to hold a meeting later this term to formulate a plan and get the ball rolling to have a junior playground for our tamariki.

Kia ora on behalf of the students and teachers of Parua Bay School

Health check - Threadworms

Please check your children, threadworms are small, thin, white, thread-like worms between 2 mm and 13 mm long. They infect human guts (intestines). They are common in children, but anyone of any age can be affected.

Treatment usually includes medication plus hygiene measures. Medication kills the worms, but not their eggs, which can survive for two weeks. Therefore, you also need strict hygiene measures for two weeks after taking medication to prevent you from swallowing eggs which may cause a new infection. All household members should be treated at the same time, including those without symptoms.

FANTASTIC GYMNASTICS 2017

fun and fitness for children of all ages

recreational
competitive tumbling
